## Homework Policy – Grade 6

ACCS provides a challenging and rigorous academic curriculum to prepare students for middle school, high school, and college. The ACCS homework policy for sixth grade includes the following expectations:

- Sixth graders are assigned approximately one hour of homework each night, excluding Fridays. This includes reading about 10 pages from a chapter book, Spelling, Math and often another subject such as Social Studies or Science. Homework is assigned to be review of the skills and content taught in class.
- Students are given 10-20 minutes each afternoon to start these assignments, and are encouraged to ask for teacher assistance during this time.
- Homework is checked in each morning. Assignments are checked for completeness and correctness. We ask the children to **complete** each assignment so that we can assess what they know and what needs to be reviewed. A child is never penalized for incorrect work, rather given the opportunity to be re-taught and reassessed. Assignments left blank are considered not done.

**Students who have assignments that are incomplete after 8:15 a.m. each morning will be required to stay after school that day to complete the work.** Parents will be responsible for transporting their children home at 4:00 p.m. If the student's homework is consistently late or missing, the Principal will request a meeting with both the parents and the student to discuss this issue.
