

Friday Letter

March 28, 2008

Dear Parents, Students and Members of the Ark Community,

This week we were treated to a wonderful performance by David Gonzales, storyteller, musician, poet, actor, therapist and Doctor of Arts. Mr. Gonzales has performed for us before and he is a huge favorite with us! He is so active and pulls us into stories he tells with his whole body. This year he got all of us involved with *Aesops Bops!*, engaging fables based on the story of the Lion and the Mouse, The Fisherman and His Wife, and the Turtle's Shell.

We are most grateful to the NYS Center for Arts in Education for bringing Mr. Gonzales to us. If you would like to learn more about David Gonzales, please visit his website at: <http://www.davidgonzalez.com>

MAD HOT SMART KIDS

Three kids live in houses next to each other in Catnap Street and each kid has a cat. Can you work out where each kid lives, the type of cat they own and its name?

Look at the picture and clues and fill in the answer box where you can. Then read the clues again to find the answer.

- Amy lives in house number 1.
- The cat called Fluffy lives in the middle house.
- Ben's cat is called Lucky.
- The ginger cat is called Treacle.
- Zoe's cat isn't black.
- One of the cats is white.

Bring your solutions to
Ms. Petra for a prize!

New rules: In order to
get a prize, you must have
your parent's signature on
this Friday Letter with
your solution.
