Dear Mayor Tutunjian,

My name is Myia and I'm from Troy. I'm in 2nd grade.

For fun I like to play on my friend's trampoline. I like the playground in Troy and I like the no stealing law.

One proposal to make Troy better is that I think homeless people need to get jobs to work. Homeless people need jobs so we can get a better planet because people will be at work and not littering. I think homeless people should get free jobs. This will make Troy a better place because everyone will have enough money to pay their taxes.

I have a question. When do you have time to relax? I know being a mayor is hard. I hope I will hear from you.

Love,

Myia
