

Ms. Lloyd's

March News!!

In social studies this month we have been learning about the differences between rural, urban, and suburban communities. To demonstrate some of the differences, the class worked together to create a very large landscape map. Here is a picture of the final product.

In math we have been working very hard on telling time. On our math bulletin board we have proudly displayed how we "rock around the clock!" This board demonstrates the multiple skills that the students have learned during the time unit. These skills include telling time before and after the hour, estimating time, identifying A.M and P.M, and elapsed time.

The spring performance was great!!
Congrats to all the students and thanks to all of our parents for showing their support.

OUR MARCH PEACEMAKER OF THE MONTH WAS MORIAH WATTS....GO MORIAH!!
