

# In the Art Rooms

Everyone is Painting a Self Portrait

All of the children in the school, from kindergarten to sixth grade, are working on self portraits. This project can be very difficult for some students but both Ms. Helen and Ms. Molly have seen a lot of hard work from the students.

Molly's  
Art Room**

The second Grade students visit Ms. Molly's art room on Fridays.

In Ms. Molly's art room if a student finished their self portrait early they were instructed to draw a picture of a teacher or a family member. Can you guess who these teachers are?
