

Mrs. DeLeon's 2nd Grade News

October 2009

What a Month!!!

We have had a very busy month with lots of exploring. This month we went on our field trip to The Five Rivers Environmental Education Center. We walked on 2 nature trails, and because last month we learned how to read maps, we were able to follow the map of the beaver dam trail. We knew right where we were going!! We also experienced lots of different nature sounds and living things. We had a great trip!

about poetry. We have read lots of different kinds of poetry. After our trip to Five Rivers we wrote our own Haikus. Did you know that a Haiku is a form of Japanese poetry, and that it describes things that are found in nature?

During Social Studies we have begun learning about Rural, Urban and Suburban communities. We know that our school is located in an urban community.

In reading this month we took our first benchmark test. This is a test to show off all that we have learned. The whole class did great!

Up Next!!

During the month of November we will continue learning about rural, urban and suburban communities.

In math we will learn to count money. We love money, so math will be lots of fun!!! In writing we will begin writing friendly letters. Do you know someone special we could write to??

November Birthdays

Monday	Tuesday	Wednesday	Thursday	Friday
				13 th Eric 7 years!
