

Mrs. De Leon's 2nd Grade News September

We have kicked off to a great school year!!

During the month of September our students have done an amazing job getting back into the school routine.

In math we have shown off all that we remember from first grade and now we are learning new and exciting things.

For writer workshop we wrote our hopes and dreams for 2nd grade. Some of us even shared our writing at the Friday all school morning meeting!

During social studies we have been studying maps. We have learned about cardinal directions, how to use a map key, how to read maps, and we learned the differences between community, state, country and world maps!!

In reading we have read stories about friendship, astronauts in space and camping in nature. We really love to read!

Coming up!!!

Next month we will begin learning about rural, urban and suburban places. Also we will be counting tens and ones, comparing numbers and skip counting to 100!!

Next month we will also look forward to our first field trip. We will be going to Five Rivers!!

Birthdays in the month of September

monday	tuesday	wednesday	thursday	friday
	15th Destiny 7 years!			
			24th Semaj 8 years!!
