

Miss Klem's Classroom Times February 5, 2010

Dear Families,

This week we finished Chapter 5 in Math, which dealt with factors of 0, 1, 2, 5, 9 and 10. Continue to practice these facts with your child, as well as the factors of 3, 4, 6, 7, and 8, which they will be learning in Chapter 6. I will be sending home some more review and practice sheets. I'm also attaching a summary and practice packet on Chapter 6. Review and work on this with your child for extra credit.

This Wednesday, February 10, is parent-teacher conferences. If you have not signed up yet, please fill out the form with your availability (for that day, or another). I look forward to meeting with you again!

I hope you all have a nice weekend!

Miss Klem

<p>ELA Unit 3 has ended and next week we will take the benchmark test, which covers all the skills that we've learned. We will also be doing review centers.</p>	<p>Writer's Workshop We have started our new writing project - tall tales! The students have been hearing and watching various tall tales and will soon begin creating their own tall tale.</p>	<p>Science We will be learning about fish. For this unit we will be creating a fish plate that is labeled with the parts of a fish and taking notes on their characteristics, such as how they survive.</p>
