

Miss Klem's Classroom Times February 26, 2010

Dear Families,

This week we've wrapped up Chapter 6 in Math. We will have a test on Tuesday that will cover all of the material we've learned thus far in the year. I will be sending home a review sheet Monday night. Please review this information with your child. Also, the students need to know their multiplication facts memorized - continue to practice at home with them! If you need any more math worksheets, let me know and I will be more than happy to get some together for you.

I hope you all have a nice weekend!

Miss Klem

<p>ELA We will be reading "Hottest, Coldest, Highest, Deepest," by Steve Jenkins. This story will explore places around the world give us interesting facts about our environment.</p>	<p>Writer's Workshop We have started to create a larger than life character, setting and problem. The students have great imaginations for their stories!</p>	<p>Science We will be learning about fish. For this unit we will be creating a fish plate that is labeled with the parts of a fish and taking notes on their characteristics, such as how they survive. Social Studies We will be exploring the country of Japan, learning about their culture and land, as well as comparing it with our life.</p>
