

Miss Klem's Classroom Times for November 6, 2009

Dear Families,

This week in ELA we began Unit 2, which will focus on smart ways to problem solve. We just finished the story "Penguin Chick," which was an expository essay on emperor penguins and how they survive in Antarctica. We learned a lot of interesting facts about penguins! Next week our story will be about a boy who learns from his mistakes.

During the week in ELA, we also make time for centers. The students work on skills that they have been learning in either in groups, or on the computer. This past week some of the skills we worked on were antonyms, main idea and plot, and writing 7 good sentences. Take a look at us working!

Have a great weekend,

Miss Klem

Luis and Deja are working on the skills center on the rug; Abbaas, Shaylie, and Chanze are working on the vocabulary center; Tiarra is at the writing center; Sherwin, Sha'Asia, and Ron are at the computer center; and Luiza and Ambrayia are working with Miss Klem on guided reading.
