Personal Narrative

Grade 6

Making Lanyards

Do you like lanyards? Lanyards are really cool, but at first they are hard to do. Once you practice it gets super easy and you can just do it. Learning how to do lanyards now can be a "must" thing to do. I am glad to know how to do lanyards. The learning experience helped me know that if I put my mind to something I can accomplish anything.

When I walked in to the lunchroom one year ago, there I saw a crowd of people and I just had to be nosey. I went to go see what they were doing. I watched Erica and La'Miya teaching people how to do lanyards. Erica was saying that the string could be twisted or done regularly. Then I thought to myself: "That looks like more fun than watching TV."

All of the kids were fighting over the string. I just stood there and waited for them to stop yelling. Then I went to go get my own string and I started to make my own lanyard. I made a couple of mistakes on my first one, but after a while I got the hang of it. Then lunchtime was over and we had to go back upstairs.

This experience changed me because it helped me know that if I put my mind to something I can accomplish anything. Now using lanyard is my favorite thing to do. I even taught Daniel how to make one!
