

FRIDAY LETTER

Greetings Kindergarten Families,

Our second full week of school is complete! September is flying by and this week we started the season of autumn. Students were able to share about their favorite activities in the fall and we brainstormed about the changes in the weather and how that affects us.

In reading we listened to the story “Fix-It Duck” and read our own books about working together. We continued with letters Ff-Nn in the alphabet and practicing the words (I) and (am). In Math we began focusing on the words same and different, these words will help us with sorting many different objects. In writing we are working on sentences using the phrase “I am...” Students are putting together short sentences with the help of their teachers. How fast we are growing!

Don't forget: Monday, September 28, is our welcome back picnic 5:30-7:00, we hope to see you all there

Sincerely,

Ms. Mars and Ms. Julia
