

FRIDAY LETTER

Hello Kindergarten Families,

This week in Kindergarten students heard the story *Dig, Dig, Digging*. We learned about how machines help us to do our work. We continued to study our words: **to, a, the, little, am and I**. Please practice reading with your student at home. Our letter of the week was the letter Tt. We spent time in our literacy centers discovering words that begin with Tt, practicing our handwriting for the letter Tt and listening to stories with the 'at' sound, words like cat hat and rat!

In math we began our chapter on numbers 1-5. Students will be learning how to count and write their numbers all the way up to 100 this school year!

We had a great time at the apple orchard this week. Students were able to practice sorting and cleaning the apples, along with picking their own from a tree and a pumpkin from Goold's pumpkin patch! Look for pictures in our Friday Letter next week 😊

October 30th is a half day of school. Your student will be released at 11:00! Please make any necessary arrangements for dismissal.

Sincerely,

Ms. Mars and Ms. Julia
